1	LEE MUN HOE	Why FFB produced lesser? Any impact to the company financial?	The lower FFB production is an industry issue due to shortage of raw materials supply for fertilizers and labour recruitment restrictions caused by the pandemic. This has led to declined in manuring application for all estates across the region which leads to lower FFB production. However, on the upside the high CPO price due to favorable demand has compensated and minimized the impact to the Company's financial.
2	LEE MUN HOE	Face to face interactions is an integral part of the investor relation function to allow for direct engagement with the board members. Any plan to organize shareholder engagement activity?	Thank you for the suggestion for us to improve upon, we will consider this in the future.

All questions received during the AGM will be answered and published with the minutes of the AGM and also made available on the website.
5	LEE CHOON MENG	Been attended virtual meeting for almost 3 years but the ignorant attitudes from the chairman to fulfill our demand for door gifts. 6	LEE CHOON MENG	As i am aware that listed issuers are encouraged to continue leveraging technology to conduct their general meetings beyond the movement control order. Based on past 3 years experiences, there are some drawbacks on virtual EGM / AGM. For instance, mutual interactions between participants are difficult and unable to follow up the query upon board reply with one-way communication from the boards. Transparency matter may arises as not all shareholders originated questions raised by shareholders are visible to all participants and the function of independent moderators / scrutineer may be limited due to engaged service are paid by the company. Do hope that company will reconsider to take balance approach and view in respect mode of EGM & AGM in future	<p>THP will continue to leverage technology to facilitate communication and engagement with its shareholders by conducting the 49th AGM on a virtual basis through live streaming and online remote voting.</p> <p>In addition, in line with Guidance Note 13.3 of the Malaysian Code on Corporate Governance, a virtual general meeting would promote greater shareholder participation as it facilitates electronic voting and remote shareholders' participation.</p> <p>We will consider conducting a physical AGM in the future and take note of the concern you raised.</p>

66	KHAIRUL ANWAR	<p>Kami sebagai pemegang saham biasa agak terkilan dengan prestasi yang ditunjukkan kalian sepanjang beberapa tempoh kebelakangan dan sehingga kini pergerakan saham syarikat kurang memberangsangkan. Jangan asyik dok makan elaun buta je dan usahalah sebaik mungkin untuk meningkatkan nilai saham ke arah lebih baik.</p> <p>Mengenai transaksi AGM-49 yang akan diadakan pada 27/6 ini seolah-olah tidak meraikan para pemegang saham sekalian. Hal ini kerana sewajarnya AGM perlulah mempertimbangkan sesi secara fizikal. Kebanyakan AGM syarikat senaraian awam sudah mula menjalankan AGM secara fizikal pada tahun 2023. Beranilah berhadapan dengan pemegang saham lain kerana pelbagai input/idea bernas boleh dijadikan panduan bagi memajukan syarikat. Sekurang-kurangnya dapat menyantuni para pemegang saham setelah 3 tahun dijalankan secara atas talian. Dari situ pun kita boleh lihat pihak pengurusan GAGAL dalam menyantuni para pemegang saham. Maka hilang keberkatan di situ.</p> <p>Diharapkan AGM akan datang dijalankan secara fizikal dan memberikan dividen yang lebih menarik. Sekarang sudah kedengaran daripada rakan-rakan susulan prestasi yang "terlalu cemerlang" ini. Ambil teguran sebagai pemangkin masa hadapan.</p>	<p>We take note of your recommendation.</p> <p>The reason THP holding virtual AGM is to continue leveraging technology to facilitate communication and engagement with its shareholders by conducting the 49th AGM on a virtual basis through live streaming and online remote voting.</p> <p>In addition, in line with Guidance Note 13.3 of the Malaysian Code on Corporate Governance, a virtual general meeting would promote greater shareholder participation as it facilitates electronic voting and remote shareholders' participation.</p> <p>We will consider conducting a physical or hybrid AGM or EGM in the future when deemed appropriate.</p>
